

VGA UTP EXTENDED 1x2 SPLITTER with 3.5mm Audio

DESCRIPTION:

A point-to-multi point real-time video extender/Splitter, the R02-SPL-C5E-35A-102B transmits high quality video signal and stereo audio from any VGA type of player/computer to electronic display device over UTP CAT5, CAT5E, or CAT6 cable. Broadcast up-to-the-minute information real-time VGA video to multiple remote monitors. This high-resolution VGA video splitter drives video from one computer to 2 remote monitor screens up to 500 feet away via inexpensive UTP cables.

FEATURES:

- Connect computers with VGA graphics up to 2 VGA compatible monitors or project
- Connect splitter and monitor by using ONE regular CAT5/5e/6 cable
- Allow up to 2 VGA display monitors to be connected at the same time to the same video source
- Maintain highest video resolution up to 1920 x 1200
- Cost saving for plenum cable request application
- VGA Amplifier Bandwidth: 250 Mhz
- VGA + 3.5mm plug Y cable is included.
