

Vista Easy File Transfer Cable

DESCRIPTION:

This cable is a Hi-Speed USB-to-USB host data cable that allows easy and direct peer-to-peer data transfer connection between two PCs without having to access a network. After install the software to the computer and connect each end of the cable to the USB ports of both computers, the Easy Transfer Cable wizard automatically appears and let you select items to copy.

The Easy Transfer Cable is especially designed to work with the following programs:

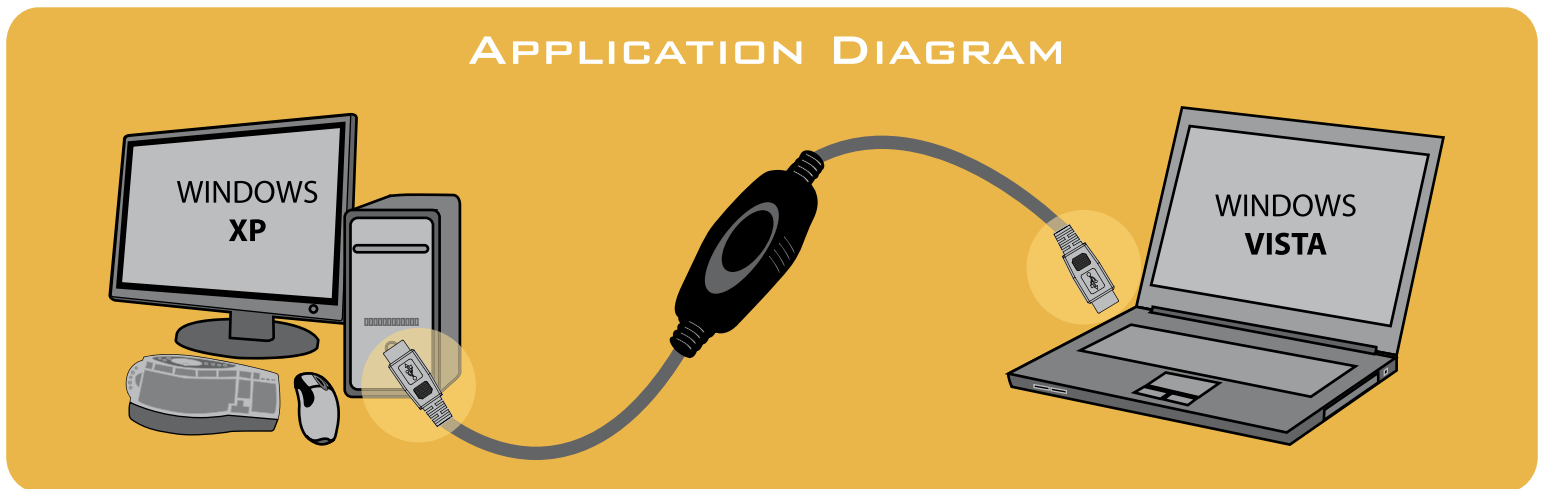

- Microsoft Windows Easy Transfer for Windows Vista/XP
- Prolific PCLinq3 for Windows Vista/XP/2000/ME/98SE
- Microsoft Windows Easy Transfer Companion for Windows Vista/XP

FEATURES:

- Transfer Files, Settings, and Programs between 2 PCs via USB port
- Dual data buffer supports two-way data transfer (using PCLinq3)
- Hi-Speed Performance with data transfer rate of over 20Mbytes/sec
- Full Compliance with the Universal Serial Bus Specification v1.1 and v2.0
- Bus Powered from either USB port - no separate power required
- Eliminates need to set up a complex network
- Transfer files as photo, music, email, user accounts, even windows setting
