MASTER

REMOTE

The 069-TNT-F is a low-cost, portable cable tester. It consists of two devices which perform a reliable testing of premise cabling and patch cords. Shielded RJ45 and F connector are equipped on both units.

The user simply connects the 069-TNT-F devices to both ends of the cable to be tested. Each pair is tested and displayed the status on one of the five dual LEDs indicates OPEN, SHORTS, REVERSALS wires, and CROSS pairs.

The two units separate for premise cable tests and can be joined together for patch cord testing.

- *Tests shielded and unshield RJ45
- Ethernet 10Base-T
- EIA/TIA-568A
- EIA/TIA-568B(AT&T 258A)
- 8-position Token Ring
- *Coaxial cable
- *Run on one 9V battery
- *Master measures(mm)
- 63W x 112H x 27D
- *Remote measures(mm)
- 34W x 100H x 27D
